The most common accusation is that the Scottish Rite and York Rite have conspired to protect their own members from criminal prosecution. This accusation is often based on the fact that a number of high-profile criminals have been Masons. However, there is no evidence to suggest that the Scottish Rite or York Rite has ever interfered with a criminal investigation or prosecution.

Another common accusation is that the Scottish Rite and York Rite have issued false verdicts in order to protect their members from civil liability. This accusation is often based on the fact that a number of civil lawsuits have been filed against Masons. However, there is no evidence to suggest that the Scottish Rite or York Rite has ever interfered with a civil lawsuit.

In fact, the evidence suggests that the Scottish Rite and York Rite have a long history of cooperating with law enforcement and the courts. For example, the Scottish Rite has a long-standing relationship with the FBI, and the York Rite has a long-standing relationship with the police department in New York City.

The accusations of false verdicts against the Scottish Rite and York Rite are simply not supported by the evidence. These accusations are based on nothing more than speculation and innuendo. There is no credible evidence to support the claim that the Scottish Rite or York Rite has ever issued a false verdict.
