## **Fishing**

Fishing is another essential food-gathering technique that can provide protein and sustenance in the wilderness. From casting a line in a tranquil lake to spearfishing in the crashing waves, we will guide you through:

- Rod, reel, and bait selection

- Fishing knots and line management
- Fish identification and handling
- Catch-and-release practices

Image:

## Prospecting

Prospecting is the art of searching for valuable minerals and gemstones in the earth. Whether you're a hobbyist or a seasoned professional, we will equip you with the knowledge to:

- Identify potential mineral deposits

- Use basic prospecting tools and techniques
- Assess the viability of mining claims
- Responsible prospecting practices

Image:

## Guiding

Guiding is a multifaceted skill that involves leading and assisting others in navigating the wilderness. Whether you're guiding hunters, backpackers, or

wildlife enthusiasts, we will prepare you to:

- Develop wilderness navigation skills
- Assess and manage wilderness risks
- Provide a safe and informative experience for clients
- Ethics and responsibilities of guiding

Image:

## **Trading**

Trading is an integral part of wilderness survival. Whether you're bartering for supplies with other travelers or engaging in traditional trading practices

with indigenous communities, we will guide you through:

- Principles of wilderness trading
- Valuing goods and services
- Ethical trading practices
- Cultural considerations in trading

Image:

## Trapping

Trapping is a controversial but still practiced method of catching animals for food, fur, or pest control. While not for the faint of heart, we will provide a comprehensive guide to:

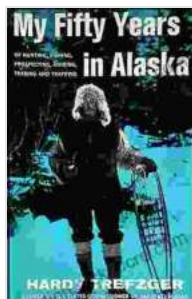

- Humane trapping techniques
- Trap design and placement
- Animal handling and release
- Ethical and legal considerations of trapping
